

From Chikaming Township Park Board, Chikaming Township Police Department, and Chikaming Open Lands: We are aware of and have been closely tracking incidents of vandalism at our parks in recent years. Although the vandalism is minor and the perpetrator may think no harm is being done, the vandalism can lead to the perception that the parks are not safe or being neglected. Therefore, these acts are being monitored, recorded, and reported to local law enforcement. We in Chikaming Township and all organizations within are continuously working to keep our community's shared parks and beaches safe and enjoyable for everyone. If you have any information or see any suspicious behavior, please report to Chikaming Township's non-emergency line (1-866-630-7679), the Township Parks Manager (aschrader@chikamingtownship.org), or the Stewardship Coordinator at Chikaming Open Lands (269-405-1006; dengel@chikamingopenlands.org). Thank you for your cooperation.
